

The meeting will feature a presentation from Mr. Ronald Johnson, Coordinator, Dane County Community Justice Restorative Court.

The Dane County Community Justice Restorative Court is based on the platform of restorative justice, (RJ). RJ is an approach to justice that focuses on the needs of the victims and the offenders, as well as the involved community. Instead of satisfying abstract legal principles or punishing the offender, victims take an active role in the process, while offenders are encouraged to take responsibility for their actions, "to repair the harm they've done."
